### BAND STORY

"

Jimmie is a Florida songwriter, musician, vocalist, and videographer with songs on 60,000+ digital jukeboxes; TouchTunes, Rock-Ola, and Rowe-AMI. You just might hear him at your favorite restaurant chain, tavern, pub, lounge, night club, AMF bowling center, tother location.

He's had two 7" vinyl releases, one with a band and one as a solo artist.

One of Jimmie's songs has 62 different recorded versions. Several of the versions are available today on those digital jukeboxes found inside Applebee's restaurants, franchised owned Bennigan's, Baja Sol, Ben & Jerry's, Buffalo Wild Wings, Hollister, Papa Gino's, TGI Fridays, WOW Wingery & Café, etc.

I'm hoping for song (or instrumental) placements into movies and other media.
