My Life in the music hood

This music business is not a play
thing although is has never been
easy in Africa

Ras Mike a man who has it all in the
industry but still underground
because of the black market dealers who will never
stop at any thing untill a piracy is met.

My meeting i RECORD is the best thing to ever
happen. Well, this world is a great place and we just
have to keep our heads at all times.

You can imagine how it was when I was still hanging
out with all the big bros in the industry who help to
develop my life, Charly Boy who gave me a change to
be a part of the great Ninja Bike project, Black Face
who did same for me with the Tribunal Crew, Sound
Sultan, 2face etc

with people like them this country will never be a bad
place, am out , see you guys some other time...
